THANK YOU FOR DOWNLOADING
THANKSGIVING
BINGO

What is included in this pdf?

- 1 instruction sheet
- 2 pages of calling cards
- 15 pages of Bingo cards with 2 games per page for a total of 30 different cards
- 3 page of markers. You can print multiples of these pages depending on how many people will be playing

Everything is sized to print on a standard 8.5x11 inch piece of paper. For the best quality, I would definitely recommend printing on white cardstock. Once printed, cut out the calling cards and game cards using scissors or a paper cutter.

How to play:

Designate one person to be the caller. This person will not need a bingo card this round. The caller should shuffle the stack of calling cards.

Hand out the bingo cards to all the players. Give everyone some type of marker to place on the spaces as items are called out. I've included some printable markers you can cut out and use, or you can use anything from pennies, to candy corn etc. If you choose to use my bingo chips I'd recommend using a 1 inch hole punch to make cutting them out easier. Alternatively, if you're only planning on playing one round, or want to print multiple sets of cards you can also use a pen or pencil to make an X on the bingo card itself.

The caller will now pick one card out of the pile at a time and announce it to the bingo players. Place a marker on that space on your board. The first player to get 5 in a row, wins!
